DIRECTOR GENERAL OF LEGISLATION,

DHAHANA PUTRA

ELUCIDATION OF
REGULATION OF THE REGENCY OF BANDUNG
NUMBER 8 OF 2025
ON
ESTABLISHMENT OF VILLAGES

I. GENERAL

The regulation of the Village from the perspective of its government refers to the provisions of Article 18 section (7) which affirms that "The composition and procedures for the administration of Local Government are regulated by law". This means that Article 18 section (7) of the 1945 Constitution of the Republic of Indonesia opens the possibility for the existence of a government structure within the Indonesian government system. Based on the provisions in Article 18B section (2) which reads "The State recognizes and respects customary law community units along with their traditional rights as long as they remain alive and are in accordance with the development of society and the principles of the Unitary State of the Republic of Indonesia, which are regulated by law".

The Village, in regulating and managing the interests of the community, plays a role in realizing the nation's ideals based on the 1945 Constitution of the Republic of Indonesia, and needs to be protected and empowered so that it becomes strong, advanced, self-reliant, and democratic, thus creating a solid foundation in implementing governance and development towards a just, prosperous, and peaceful society. This is to provide recognition and respect for the existing Villages and to provide clarity of status and legal certainty for Villages within the constitutional system of the Republic of Indonesia to realize justice for all Indonesian people.

Based on the provisions of Article 116 section (2) and section (3) of Law Number 6 of 2014 on Villages as amended by Law Number 3 of 2024 on Amendment to Law Number 6 of 2014 on Villages, it states that the Local Government issues a Regional Regulation on establishment of Villages and Customary Villages (*Desa Adat*) in its territory no later than 1 (one) year after the Law is promulgated, meaning the Local Government must have issued the Regional Regulation on Establishment of Villages no later than 14 January 2015. However, this mandate has not been implemented until now. Although slightly late, this mandate must still be carried out as quickly as possible, and this is also done to provide recognition and respect for the existing Villages and to provide clarity of status and legal certainty for Villages within the constitutional system of the Republic of Indonesia to realize justice for all Indonesian people.

This Regional Regulation contains the Establishment of Villages which includes a list of all villages in Bandung Regency along with their regional codes, as well as other regulations related to any addition, change, and/or reduction to the list of established villages. In addition, this Regional Regulation also regulates the affirmation that the Regional Regulations concerning the formation of villages are declared to remain in effect.
